

CIS 21031 – PRACTICAL FOR PLATFORM TECHNOLOGIES
DEPARTMENT OF ICT
FACULTY OF TECHNOLOGY
SOUTH EASTERN UNIVERSITY OF SRILANKA

Labsheet: 2

Date: 14th of November 2023

Title: Introduction to Ubuntu and Linux Commands - I

Aim: Getting practice to work with Ubuntu and Linux terminal commands

Tasks: Execute the given Linux commands to understand their features or purpose

Exercises 1:

Discuss the outputs of following LINUX terminal commands.

Use the following commands in the terminal to determine your current directory, location and Directory manipulation.

1. whoami
2. pwd
3. ls
4. ls -l
5. ls -al
6. cd
7. cd *[directory name]*
8. cd ..
9. echo
10. mkdir *[directory name]*
11. rmdir *[directory name]*
12. touch *[file name]*
13. rm *[file name]*
14. vi *[file name]*
15. cat *[file name]*
16. cp *file 1 file2*

17. `nano [file name]`
18. `gzip [file name]`
19. `gunzip filename.gz`
20. `tar -czvf archive_name.tar.gz file_name`

Exercises 2: Execute the following terminal commands.

- | | |
|----------------------------------|----------------------------------|
| 1. <code>uname</code> | 15. <code>id</code> |
| 2. <code>uname -0</code> | 16. <code>df</code> |
| 3. <code>uname -a</code> | 17. <code>df -h</code> |
| 4. <code>uname -m</code> | 18. <code>wc -w</code> |
| 5. <code>who</code> | 19. <code>wc -l</code> |
| 6. <code>date</code> | 20. <code>wc -m</code> |
| 7. <code>cal</code> | 21. <code>sort [filename]</code> |
| 8. <code>hostname</code> | 22. <code>Head -n</code> |
| 9. <code>Uptime</code> | 23. <code>Tail -n</code> |
| 10. <code>Ps</code> | 24. <code>clear</code> |
| 11. <code>Passwd</code> | 25. <code>lsblk</code> |
| 12. <code>find</code> | 26. <code>lscpu</code> |
| 13. <code>free</code> | 27. <code>lsusb</code> |
| 14. <code>stat [filename]</code> | 28. <code>lshw</code> |

Submit your answers on or before 20th November 2023.
